riding glasses

NANNINI
— I T A L Y —

MOTORBIKE → TT

1960'S DESIGN AND DROP-SHAPED LENSES GET AN UPDATE IN THIS NEW MODEL WITH SMOOTH ROUNDED LINES. THIS IS NANNINI'S FIRST MODEL WITH SPHERICAL LENSES RESULTING IN A CHARMING MIX OF CLASSIC AND MODERN STYLING.

QR

Quick Release

Nannini's patented "Quick Release" technology is a unique rapid lens changing system that allows the rider to change the lenses to suit all weather and light conditions.

TT 4V

Chrome prescription inner frame

FRAME: Utilises the highest quality materials and advanced manufacturing techniques to create a totally "Made in Italy" product.

HIGH QUALITY MATERIALS: The hand-crafted wadding uses soft leather on the interior for superior on-face comfort, and a more wear-resistant leather on the exterior to enhance durability and protection.

LENSES: Spherical lenses that are crafted from the highest quality scratch-proof polycarbonate. The strong, light lenses provide a high definition view and ultimate optical comfort without distortions, and offer 100% UV protection. Available in two colours. Silver Mirror for daylight use and the Yellow Graded Mirror lens for night time use.

- 6450: Silver Mirror
- 6458: Yellow Graded Mirror

PACKAGING: Display box and soft carry case.

MOTORBIKE → RIDER

THE RIDER EVOLVED FROM THE CRUISER MODEL, AND A NEW MANUFACTURING PROCESS HAS IMPROVED THE CYLINDRICAL LENSES FOR PERFECT VISION IN ALL DIRECTIONS. A PIVOTING FORK DESIGN ALLOWS THE GOGGLES TO BE EASILY WORN OVER A HELMET. THE METAL FRAME IS GUARANTEED TO RESIST IMPACTS AND IS SUITABLE FOR ALL WEATHER CONDITIONS.

RIDER 4V

Chrome prescription inner frame

FRAME: The wadded support is lined with genuine leather for a comfortable fit. Similar wear-resistant leather is used on the exterior covering for superior wind and water protection.

FORK: The design permits the goggles to be worn over a helmet without compromising contact on the riders face.

SAFETY: A distortion-proof plastic plate is installed under the central bridge of the goggles to protect the riders nose.

ELASTIC STRAP: An adjustable length elastic strap with an anti-slip strip will ensure the strap does not move on the helmet.

LENSES: Cylindrical lenses that are crafted from the highest quality scratch-proof polycarbonate. The strong, light lenses provide a high definition view and ultimate optical comfort without distortions. The lenses offer 100% UV protection.

- 6520: Clear Antifog
- 6521: Grey Antifog
- 6550: Silver Mirror

PACKAGING: Display box and soft carry case.

MOTORBIKE → CRUISER

TRADITION AND INNOVATION ARE INTEGRATED IN THE CRUISER. COMBINING THE CLASSIC CHARMS OF ROARING 20'S STYLE WITH THE RESULTS OF THE MOST ADVANCED TECHNICAL RESEARCH – THE INNOVATIVE QR “QUICK RELEASE” INTERCHANGEABLE LENS TECHNOLOGY.

QR

New Quick Release

A patented nose-bridge clasp permits the lenses to be quickly changed even when wearing gloves. It requires just one finger to lock or unlock the clasp.

CRUISER 4V

Chrome prescription inner frame

FRAME: Designed for durability and high performance in all weather conditions.

WADDLED SUPPORT: The wadding is lined with genuine leather for a comfortable fit. Similar wear-resistant leather is used on the exterior covering for superior wind and water protection.

SAFETY: A distortion-proof plastic plate is installed under the central bridge of the goggles to protect the riders' nose.

ELASTIC STRAP: An adjustable length elastic strap with an anti-slip strip ensures the strap does not move on the helmet.

MOTORBIKE → CUSTOM

THE CUSTOM WAS CREATED AFTER THE WAR AND IS THE CLASSIC ANGLED-LENS GOGGLE. IT HAS BEEN UPDATED USING THE LATEST MATERIALS AND THE DESIGN HAS BEEN IMPROVED USING ERGONOMIC STUDIES. THE "QR - QUICK RELEASE" NOSE BRIDGE ALLOWS THE LENS TO BE RAPIDLY CHANGED WHILE PRESERVING THE OLD FASHIONED STYLE.

Existing prescription glasses can be comfortably worn under the goggles. Hand-sewn leather wadding support, ventilated chromed metal frame and polycarbonate anti-fog lenses are combined to create the perfect accessory for the most demanding rider.

MOTORBIKE → HOT ROD

AN EXCEPTIONAL MODEL FOR THE TRUE MOTORCYCLE AFICIONADO. THE BRAND NEW HOT ROD MODEL EMBODIES THE "BIKER" SPIRIT OF ITS FOREFATHERS. IT'S THE IDEAL PARTNER FOR EVERY RIDE AS IT CAN BE WORN ON THE ROAD AND THEN EASILY SLIPPED INTO A POCKET. THE GENUINE HAND-CRAFTED LEATHER SUPPORT MOULDS AROUND AN AGGRESSIVELY STYLED GRILAMID FRAME.

The ventilation air intakes are positioned to obtain maximum airflow, and the fork joint design allows the goggles to be worn over the helmet without compromising contact on the rider's face.

HOT ROD 4V

Chrome prescription inner frame

DOUBLE FRAME: A double crush-proof plastic frame provides twice the protection and durability.

WADED SUPPORT: The hand-sewn wadding is covered on both the interior and exterior with genuine leather for a soft and comfortable fit.

FORK: The design permits the goggles to be worn over a helmet without compromising contact on the riders face.

ELASTIC STRAP: An adjustable length elastic strap with an anti-slip strip ensures the strap does not move on the helmet.

MOTORCYCLE → MODULAR 1

FUNCTIONAL AND VERSATILE SPORTS GLASSES WITH A HIGH DEGREE OF MODULARITY.

The dual frame with interchangeable polycarbonate lenses is made from Grilamid TR90, and the angle and length of each temple is independently adjustable.

The Modular 1 is ideal for long journeys in all light and weather conditions as the wind-resisting dual frame is ventilated and highly customisable with optional extras such as interchangeable lenses, a prescription inner frame, a Megol soft rubber nose pad for additional comfort and fit, and an elastic strap to replace the temples.

MODULAR 1-4 LENSES:

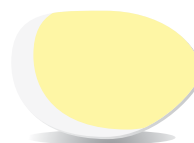

6000:
Clear (optional).
100% UV protection.

6001:
Grey silver mirror (standard). Suitable for frequent use in medium-to-strong light conditions. Uniform light filtering and does not alter perception of colours. 100% UV protection.

6002:
Green (optional). Suitable for extended use in strong light conditions. 100% UV protection.

6006:
Yellow (optional). Suitable for poor light conditions. Yellow lenses filter blue light and alter colour perception. Recommended for foggy conditions. 100% UV protection.

MOTORCYCLE → BULLET

WRAP-AROUND GLASSES WITH SOFT FOAM INNER WADDING FOR TOTAL WIND PROTECTION.

Frame crafted from high-strength Grilamid TR90 with rubberised temple arms.

148 ALL BLACK
Glossy

510 GUN METAL GREY
Glossy

BULLET LENSES:

6050:

Silver graded mirror. Suitable for frequent use in strong light conditions. The graded mirror treatment, which is darker at the top of the lens and lighter at the bottom, reduces glare. Does not alter perception of colours. 100% UV protection.
